Warrant

[Glossary Term Usage](#) | See Topic(s): [260](#)

A security that gives the holder the right to purchase shares of common stock in accordance with the terms of the instrument, usually upon payment of a specified amount.

Warranty

[Glossary Term Usage](#) | See Topic(s): [220](#) , [460](#) , [842](#)

A guarantee for which the underlying is related to the performance (regarding function, not price) of nonfinancial assets that are owned by the guaranteed party. The obligation may be incurred in connection with the sale of goods or services; if so, it may require further performance by the seller after the sale has taken place.

Weather Derivative

[Glossary Term Usage](#) | See Topic(s): [460](#) , [815](#)

A forward-based or option-based contract for which settlement is based on a climatic or geological variable. One example of such a variable is the occurrence or nonoccurrence of a specified amount of snow at a specified location within a specified period of time.

Weighted-Average Number of Common Shares Outstanding

[Glossary Term Usage](#) | See Topic(s): [260](#)

The number of shares determined by relating the portion of time within a reporting period that common shares have been outstanding to the total time in that period. In computing diluted EPS, equivalent common shares are considered for all dilutive potential common shares.

Wells and Related Equipment and Facilities

[Glossary Term Usage](#) | See Topic(s): [932](#)

Wells and related equipment and facilities are often referred to in the oil and gas industry as lease and well equipment even though, technically, the property may have been acquired other than by a lease. The costs include those incurred to:

- a. Drill and equip those exploratory wells and exploratory-type stratigraphic test wells that have found proved reserves
- b. Obtain access to proved reserves and provide facilities for extracting, treating, gathering, and storing the oil and gas, including the drilling and equipping of development wells and development-type stratigraphic test wells (whether those wells are successful or unsuccessful) and service wells.

When-and-If-Available

NO INCOMING LINKS

An arrangement whereby a vendor agrees to deliver software only when or if it becomes deliverable while the arrangement is in effect. When-and-if-available is an industry term that is commonly used to describe a broad range of contractual commitments. The use of the term when-and-if-available within an arrangement should not lead to a presumption that an obligation does not exist.

Whole-Life Contract

[Glossary Term Usage](#) | See Topic(s): [944](#)

Insurance that may be kept in force for a person's entire life by paying one or more premiums. It is paid for in one of three different ways:

- a. Ordinary life insurance (premiums are payable as long as the insured lives)
- b. Limited-payment life insurance (premiums are payable over a specified number of years)
- c. Single-premium life insurance (a lump-sum amount paid at the inception of the insurance contract).

The insurance contract pays a benefit (contractual amount adjusted for items such as policy loans and dividends, if any) at the death of the insured. Whole-life insurance contracts also build up nonforfeiture benefits.

With Cause

[Glossary Term Usage](#) | See Topic(s): [810](#) , [958](#)

With cause generally restricts the limited partners' ability to dissolve (liquidate) the limited partnership or remove the general partners in situations that include, but that are not limited to, fraud, illegal acts, gross negligence, and bankruptcy of the general partners.

Without Cause

[Glossary Term Usage](#) | See Topic(s): [810](#) , [958](#)

Without cause means that no reason need be given for the dissolution (liquidation) of the limited partnership or removal of the general partners.

Working Capital

[Glossary Term Usage](#) | See Topic(s): [210](#) , [470](#)

Working capital (also called net working capital) is represented by the excess of current assets over current liabilities and identifies the relatively liquid portion of total entity capital that constitutes a margin or buffer for meeting obligations within the ordinary operating cycle of the entity.

Working Model

[Glossary Term Usage](#) | See Topic(s): [985](#)

An operative version of the computer software product that is completed in the same software language as the product to be ultimately marketed, performs all the major functions planned for the product, and is ready for initial customer testing (usually identified as beta testing).

Workout Expenditures

[Glossary Term Usage](#) | See Topic(s): [946](#)

Professional fees (legal, accounting, appraisal) paid to entities unaffiliated with the investment company's advisor or sponsor in connection with any of the following:

- a. Capital infusions
- b. Restructurings or plans of reorganization
- c. Ongoing efforts to protect or enhance an investment
- d. The pursuit of other claims or legal actions.

Wrap

[Glossary Term Usage](#) | See Topic(s): [944](#)

The practice of adding an insurance benefit feature to a separate noninsurance contract generally from a different issuer.

Written Notice of Allocation

[Glossary Term Usage](#) | See Topic(s): [905](#)

Any capital stock, revolving fund certificate, retain certificate, certificate of indebtedness, letter of advice, or other written notice to the recipient that states the dollar amount allocated to the patron by the cooperative and the portion that constitutes a patronage dividend.
